

Welcome!

TU Darmstadt is distributed over two central campuses known as Campus Stadtmitte (S) and Campus Lichtwiese (L) in addition to three other smaller locations which are: Botanischer Garten (B), Hochschulstadion (H) and Windkanal / August-Euler-Flugplatz (W) in Griesheim (Botanical Garden, University Stadium and wind tunnel / August-Euler airfield).

Campus Stadtmitte in the centre of Darmstadt is the oldest of the university's campuses and is home to the karo 5 as well as the University and State library among other things.

The August-Euler airfield and the associated wind tunnel in Griesheim are used as a testing ground for research, training and internships by more than ten TU Darmstadt departments.
